

Since 1986 Medical Concepts Australia has been leading the way in the manufacture of single-use drapes, packs and procedural packs in Australia.

Based in Melbourne, Australia our facility brings to the National market a fully responsive personalised service.

Our loyal and dedicated team provide specialised service to our valued customers; from our trained customer service staff through to our business managers.

Using the latest materials selected for absorbency, waterproofing, drapability and strength, Medical Concepts' products are available as individual drapes or packed in conjunction with other components to offer you a customised solution. Our range is constantly expanding with new and innovative products to the healthcare market.

We look forward to providing you with ongoing support.
